## TO A SHOCKING CRIME.

Negro Gardner, Under Death Sentence, Makes Complete Confession.

### LITTLE ETHEL LONG THE VICTIM

After Assaulting the Girl He Deliberately Cut Her Throat—Confessed to Her Parents and Asked Them to Forgive Him.

Columbus, O., Oct. 27.—Richard Gardner, the only prisoner in the execution annex of the Ohio penitentiary, who is under sentence to be electrocuted Nov. 9, has made full confession of his awful crime.

Gardner was summarily convicted of the charge of assaulting and murdering little Ethel Long, daughter of Stephen Long, in Ross county, May 22. He made a full confession Saturday to Ethel's parents and begged their forgiveness. He subsequently made a confession for publication.

Gardner says he was born in Tallahassee, Fla., of slave parents. He gave a detailed statement of his residence in Cincinnati, and employment at California, O., together with an acknowledgment of his habit of drinking and gambling. The day of the murder he says he was returning from Washington C. H. toward Cincinnati, when he saw the girl leave her home with a bucket to go to the nearby spring. He says he followed her and asked where her parents were. She told him her mother was in the house and her father in the field. Her little brother was within sight. He says she refused his proposal twice, when he took her by the hand. She resisted and began to scream, whereupon he struck her on the head with an iron rod 18 inches long, which rendered her almost insensible. He placed a handkerchief over her mouth and accomplished his bestial purpose.

Gardner says by this time Ethel was insensible and he believed she would die. He sat beside her five minutes watching closely, and then killed her. He says he felt sorry for her and killed her to put her out of her misery. In describing his blood-curdling deed he manifested no compunction of conscience. He coolly described how he plunged the blade of a knife into her throat, making certain that she severed the vein, and that she died within two minutes. Gardner says he watched his victim until she breathed her last, then fled.

It was only a few hours until he was captured. He was removed to Columbus to escape lynching, and after being indicted by a special grand jury, was taken to Chillicothe, where he was promptly tried and convicted.

**Freight Collision.**  
Logansport, Ind., Oct. 29.—Panhandle freight No. 72, eastbound, and westbound freight No. 75 collided at Onward. Fireman H. S. Smith was crushed to death between the tender and engine and the steam cooked his body to a crisp. Engineer Howard Johnson was caught beneath the air drum and sustained severe sprains and bruises. The other trainmen escaped injury.

**Russia's Grain Shortage.**  
St. Petersburg, Oct. 29.—According to the official messenger the grain shortage is not confined to the eastern provinces and Siberia. The provinces richest in cereals are actually suffering on account of the poor harvests. Grain is forwarded ahead of other merchandise, and grain railway rates have been reduced.

**Brother of Dewey Dead.**  
Montpelier, Vt., Oct. 29.—Edward Dewey, 71, brother of Admiral Dewey, died at his home in this city. He had been ill several months with kidney trouble, but his death was unexpected. He served in the civil war as quartermaster of Eighth Vermont regiment.

**By Women Burglars.**  
York, Neb., Oct. 29.—Women burglars plundered a store here and escaped. Cowan's drug store was entered and checks to the amount of \$125 and \$30 in cash were lifted from the cash register. In the soft mud in the rear of the drug store women's tracks were plainly visible, and several scattered hairpins were found inside of the store building.

## BIG NAVAL INCREASE.

Board of Construction Contemplates Building Navy Vessels.

Washington, Oct. 29.—A vaster program to increase the navy than has ever before been contemplated on this side of the Atlantic is under consideration by the board of construction, and if approved by the president, as it is expected to be, it is to be urged upon congress at the coming session. The project involves the construction of not less than 40 warships including various special types not hitherto built for naval purposes. The board of rear admirals which has taken up the subject under special directions from Secretary Long is availing itself of the highest expert opinions in the service in order that its report will not be open to unfavorable criticism among naval officers, it being the expressed intention of the navy department to discourage any opposition to a line of policy when once adopted.

The program will include no less than six ships of the heaviest armor and most destructive ordnance with the highest practical speed, the greatest attainable radius of action upon a displacement of about 15,000 tons, combining the most desirable features of line of battleships and cruisers. At least 20 gunboats are proposed of several types all of light draught with rapid firing batteries and accommodations to give comfort to officers and crews stationed in the tropics. All of these gunboats will be able to go out to Manila or other distant points under their own steam.

Provision is made in the program for an increased torpedo flotilla by 19 new vessels, including a new type of torpedo cruiser on the lines of existing torpedo boat destroyers which can accompany a fleet of battleships across the ocean. Several of the other new vessels in this category are to be submarine. If success attends the improved Holland boats now under contract. The program will also include three armored colliers, larger than any vessels of this class ever built for a government. They are to have enormous capacity, enabling each of them to deliver 10,000 tons of coal to Manila, Guam, or Pago-Pago. A large unarmored ship recommended is a floating machine shop of about 6,000 tons displacement, for duty in repairing naval vessels at great distances from government yards, especially in the Philippines. Her design grows out of the experience with the Vulcan at Guantanamo, when that vessel obviated the necessity of withdrawing half the fleet from the Santiago blockade.

**Reporter in the Pulpit.**  
Milwaukee, Oct. 29.—George F. Grassie, a reporter on the staff of one of Milwaukee's daily newspapers, occupied the pulpit of Plymouth Congregational church, in which he discussed "The ethical side of the newspaper business or the philosophy of the press." Mr. Grassie's sermon was in reply to one delivered by the regular pastor of the church, the Rev. Judson Tittsworth, on "What a preacher thinks of a newspaper." The preacher thought the newspaper was influenced by too much commercial spirit.

**Jumped into the Sea.**  
Savannah, Oct. 29.—The steamship Nebochee from New York arrived here with one passenger missing, a young woman registered as "Miss Martin." She told Captain Smith that she was a schoolteacher in New Jersey but had lost her position. To still another passenger she said that she had become despondent since she had lost her position and that she intended to commit suicide. Friday evening about 10 o'clock "Miss Martin" retired. Saturday morning she was missing.

**Want Shorter Hours.**  
Terre Haute, Ind., Oct. 29.—The coal operators of Indiana held a meeting in this city, at which there was a fair representation of the coal men of the state. The meeting was to consider a proposition from the hoisting engineers in regard to the next year's scale of wages. The engineers are now receiving \$75 a month or \$900 a year for about 12 hours' work. The new rate asked for includes a reduction of time and some allowance for coal hoisted above a certain quantity.

**Girls Missing.**  
Marion, Ind., Oct. 29.—Amy Troop, 16, and Ada Edwards, 18, disappeared from their homes in this city. Miss Edwards is a brunette and Miss Troop is a blonde, and both are strikingly pretty girls. The parents of the girls think they have joined a theatrical company that visited here recently.

London, Oct. 29.—The match race between L. Newman's English horse Eager, ridden by Mornington Cannon, and John A. Drake's American horse Royal Flush, with L. Reiff, was run over the Hurst turf club course and was won by Eager in three lengths.

## MEN AGAIN AT WORK.

General Resumption Noted in the Anthracite Coal Fields.

### A FEW COMPANIES HOLDING OUT

These Refuse to Grant the Increase, but Will Soon Fall in Line. President Mitchell's Address to Miners.

Wilkesbarre, Pa., Oct. 29.—Work was resumed in the Wyoming valley this morning, all the coal companies, with a few exceptions, having posted notices granting their employees the 10 per cent increase asked for by the Scranton convention. The exceptions are a few individual operators who do not employ many hands. The Kingston Coal company had notices posted granting the increase. This company employs 2,200 men and was the last of the big individual concerns in the valley to grant the increase. The officials of the Susquehanna company had a conference with their employees Saturday night and agreed to pay them the advance.

President Mitchell and the executive board of the United Mine Workers visited Pittston. They were received by a large crowd and there was the greatest enthusiasm. Addresses were made by President Mitchell, Fred Dilcher and others. Mr. Mitchell told all the miners to go to work. He also congratulated them on their good behavior during the strike.

### Companies Holding Out.

Hazleton, Pa., Oct. 29.—The Lehigh and Wilkesbarre Coal company, operating the Audenried, Honeybrook and Green Mountain collieries in this district, has not yet complied with the demands of the anthracite miners. It is said that the company will grant the concessions by Nov. 1, when work will be resumed. There will be no resumption of work at Milnesville colliery, which is operated by the A. S. Van Wicke estate. Owing to an agreement with the Pennsylvania railroad, the officials say, they can not afford to grant an increase of 10 per cent, and if the men return to work they will have to be contented with the old rate of wages.

### Minster Loomis Explains.

Springfield, O., Oct. 29.—Hon. Frank B. Loomis, minister to Venezuela, is here visiting at the home of Mrs. Loomis. Referring to a dispatch from Minneapolis in which it was stated by an employee of the Orinoco company that a concession conveying the right of that corporation to exploit 10,000,000 acres of land in Venezuela had been annulled through the failure of the American legation to protest against hostile action on the part of the Venezuelan government Mr. Loomis said that the present trouble between the Orinoco company and the government arises from disputes as to the construction of a contract. "There can be no action," said he, "on the part of the United States legation in contractual claims till a denial of justice in the courts of that country has taken place."

### French and English Socialists.

Paris, Oct. 29.—There was a large gathering of Socialists and workmen's societies at the Bourse du Travail to welcome eight delegates from the English trades unions, including Mr. Baines, secretary of the Society of Engineers; Mr. Pickicks of the Society of Painters and Mr. Richard Bell, secretary of the railway servants' society, who presented a manifesto to French workmen in favor of peace and good fellowship of the two countries and of submitting to arbitration any difficulties that might arise.

### Steamboat Damaged.

Louisville, Oct. 29.—The stern-wheel steamer Falls City caught fire in a stateroom and the pilot house, Texas and cabin were burned. The loss is \$8,000. The boat was insured and will be rebuilt at once. She cost \$40,000, belongs to the Kentucky River Packet and Towboat company, and plies between Louisville and Frankfort. The origin of the fire is not definitely known.

### Picked Up at Sea.

London, Oct. 29.—The British ship Maxwell, Captain Davis, from Iquique, landed at Dover the crew of the French bark Bretagne, Captain Guillon, sailed from Antwerp April 3 for San Francisco. The men were picked up after they had abandoned their vessel off Cape Horn on Aug. 16 with loss of rudder and all sails.

Geneva, O., Oct. 29.—Miss Bertha Austin, one of the most popular young women of this town, was struck by a Lake Shore train while diving and fatally injured.

## WITH BOERS

A British Convoy Has a Severe Fight. Barger Forces in the Field.

London, Oct. 29.—According to a dispatch from Cape Town to The Daily Mail a force of Boers attacked and surrounded a patrol of cape police, with a convoy, near Hoopstad, Orange River colony, last Wednesday, and a sharp fight ensued.

"The police," says the correspondent, "were compelled to abandon two maxims. Ultimately reinforced by the yeomanry, they succeeded in getting away with the convoy, but they lost seven killed, 11 wounded and 15 captured. The colonials were outnumbered 10 to 1, and the engagement lasted for two hours."

"The Boers have 15,000 men in the field, nearly half of whom are in Orange River colony. There are divided into commandos of some 300 each, but are capable of combination for large operations."

### Bryan's Movements.

Oneonta, N. Y., Oct. 29.—Hon. William J. Bryan addressed a large audience here, discussing the issues of the campaign in his usual vein. He left New York city at an early hour, stopping at Bainbridge, Sidney and Philadelphia. He was greeted at each point by fair-sized crowds. In his remarks he paid special attention to the trusts. Sunday Mr. and Mrs. Bryan attended services in New York at the Madison Avenue Presbyterian church, Dr. Parkhurst delivering the sermon. The presence of the distinguished couple attracted large crowds at the church and at the hotel.

### McKinley's Callers.

Canton, O., Oct. 29.—President and Mrs. McKinley and Captain and Mrs. McWilliams went to the country home of Mrs. Marie S. Saxton for lunch. Mrs. Saxton is an aunt of the ladies. A few social callers were received during the day, these including an impromptu delegation of commercial travelers who called to shake hands with the president. They were received in the reception room and a few pleasant words exchanged. Eleven different states were represented in the party, from New England to the Pacific.

### Postoffice Clerks Organize.

Chicago, Oct. 29.—Postoffice clerks of Chicago entered the ranks of the trade unionists. The clerks have affiliated themselves with the American Federation of Labor, and the new organization will be known as the Chicago Postoffice Clerks' union. It is claimed that practically all the 1,400 postoffice employees in Chicago are included in the move. Foremost among the objects for which the new union is to strive will be the adoption of the 8-hour workday for letter-carriers in Chicago and throughout the country.

### Cathedral Dedicated.

Savannah, Oct. 29.—Upon the feast day of St. Simon and St. Jude, the magnificent Cathedral of St. John the Baptist was dedicated by Mgr. Sebastiano Martini, delegate of the pope to the United States, assisted by some 50 priests, including 10 bishops. The new cathedral, built upon the ruins of the cathedral begun by Bishop Persico in 1873, dedicated by Bishop Gross in 1876 and destroyed by fire two years ago, is probably the handsomest specimen of Gothic architecture in the south.

### Severe Electrical Storm.

Winona, Minn., Oct. 29.—This city and vicinity was visited by the worst storm in many years at this season. The year, lightning doing considerable damage in the city and the railroads suffering considerable loss on account of washouts and high water. The Chicago and Northwestern had 1,000 feet of track washed out near Rockland, Wis., and 1,000 near West Salem, Wis. The Chicago, Milwaukee and St. Paul road had two washouts. All passenger trains on the river division of the Milwaukee road were abandoned.

### Gold Received at Seattle.

Seattle, Wash., Oct. 29.—A total of \$20,166,687 worth of gold dust and bullion has been received at the Seattle assay office during the present year. ## SEVERE ENGAGEMENTS

Between American Troops and Insurgents in the Philippines.

### MANY TILTS AT AS MANY POINTS.

Intrenched Filipinos Attacked and Routed After an Heroic Fight. A Deserter Leads an Assault Upon a Convoy.

Manila, Oct. 29.—While scouting near Loos, a detachment of the Twentieth and Twenty-eighth regiments, under Captain Beigler, were attacked by 400 insurgents armed with rifles, whose nationality is not known to the Americans. The insurgents for the most part were intrenched. After a heroic fight Captain Beigler drove off the enemy, killing more than 75. The fight lasted for two hours. Captain Beigler and three privates were slightly wounded and two of the Americans were killed.

An engagement took place Oct. 24 between detachments of the Third cavalry and the Thirty-third volunteer infantry, numbering 10, and a force of insurgents including 400 riflemen and 1,000 bolomen. The fighting was desperate. Finally under pressure of overwhelming numbers the Americans were compelled to retire on Narvican. Lieutenant George L. Feigler and four privates were killed, nine wounded and four are missing. Twenty-nine horses are missing. A number of teamsters were captured by the insurgents, but were subsequently released. The enemy's loss is estimated at 150.

A civilian launch towing a barge loaded with merchandise near Arayat was attacked by a force of 150 insurgents under David Fagin, a deserter from the Twenty-fourth infantry. The American troops on hearing the firing turned out in force before the boat could be looted and captured. Fagin, who holds the rank of general among the insurgents, has sworn special enmity toward his former company. Of the 20 men he captured a month ago seven have returned. One was killed in a fight, his body being horribly mutilated. Fagin sends messages to his former comrades threatening them with violence if they become his prisoners. It was Fagin's men who captured Lieutenant Frederick W. Alstaetter, who is still a prisoner.

General Hall's expedition with a force of nearly 800 men, through the mountains of Binangonan, province of Infanta, in pursuit of the insurgent general Callies, although it discovered no trace of the enemy, encountered great hardships on the march. Twenty Chinese porters died and 40 men were sent into hospital. After stationing a garrison of 250 men in Binangonan and visiting Polillo island, off the coast of Infanta province, General Hall and the rest of his force embarked there on the transport Garrone.

Reports from General Young's district show a daily increase of insurgents there, owing to the fact that recruits are going thither from the towns.

While a detail of the Thirty-third infantry was returning from Banguel on rafts it was fired upon by insurgents, Sergeant Berdastler being killed and two privates wounded.

The Philippine commission has decided to compile the revised Philippines customs tariff from its own investigations, assisted by the report of the army board. The result will be forwarded to the United States for publication and discussion among those interested in foreign commerce.

### Egyptian Consul Stricken.

New York, Oct. 29.—Najeeb Arbee, consul general to Egypt during General Grant's first administration, was stricken with paralysis at the barge office. For some years he has been one of the immigrant examiners in the oriental bureau. His father was a member of the Turkish parliament and the son was educated in this country. He was graduated from the University of Tennessee, studied law and was admitted to the bar in New York and Tennessee.

### Registration in Hawaii.

San Francisco, Oct. 29.—Advice from Honolulu state that the official returns of the registration in all the islands of the territory have been received. Only 11,216 persons registered in the group for the coming election. This is 3,000 less than the registration during the last year under the monarchy. By islands the registration is as follows: Hawaii, 2,717; Maui, 2,053; Oahu, including Honolulu, 5,701; Kauai, 739.

Paris, Oct. 29.—Comte Cahen d'Anvers, a well known figure in Parisian society, was killed in automobile accident near Mestres.

### DEMOCRATIC PARTY.

This is the way to vote the  
Straight Democratic  
Ticket.

Rain in western, fair to  
eastern portions  
to-day.  
Tuesday, probably fair.

DEMOCRATS, remember it is a duty you  
owe your party, its nominees and to  
yourself to vote November 6th for  
Bryan, Beckham and Kehoe.

AFTER the splendid meeting Saturday  
night and the unbounded enthusiasm  
exhibited, we feel sure the Democrats of  
Maysville are determined to roll up an old  
time majority for the full ticket on Nov.  
6th.

UNDER the new election law a man  
who lives in Abert on and wants to vote  
in Maysville must make affidavit as to  
his exact residence and give the names of  
two of his nearest neighbors.—Public  
Ledger.

Likewise the man whose home is in  
Massachusetts.

In a speech at Brooksville Judge Pugh,  
in explaining why he had voted to un-  
seat fifteen Democratic Congressmen and  
give their seats to Republicans, said the  
election committees so recommended;  
that he never heard any of the evidence  
because he didn't have time, and that if  
"he didn't so vote he would lose caste at  
Washington." This last is about the sill-  
iest and weakest excuse he has yet given.

The immaculate Mr. Bradley, who  
possesses, in such a remarkable degree,  
all the notable characteristics of a Rep-  
ublican, said in his speech at the opera  
house, with his hand upon his heart and  
his saintly eyes rolled towards the gal-  
lery, where the Republicans had cooped  
the colored voters, "If Bryan is elected  
the colored man will no longer be al-  
lowed to vote." If the rest of his speech  
was as false as that statement, then there  
was no truth in any of his remarks.

**A YALE PROFESSOR FOR BRYAN.**  
Prof. George T. Ladd, D. D., LL. D.,  
Professor of Moral Philosophy and Meta-  
physics at Yale, is out for Bryan and Ste-  
venson. Prof. Ladd has written an ar-  
ticle for the Harvard Democrat, giving four  
reasons "why Harvard students should  
vote for Bryan."

They are, first, imperialism; second,  
taxation and class legislation; third, civil  
service, and, fourth the currency. He  
says among other things:

The first thing, and by far the most  
momentous in respect of the changes  
which it is likely to work in the Consti-  
tution of the republic, is so-called imperi-  
alism. The administration has launched  
the nation upon the policy of joining in  
the contest of European governments  
for commercial supremacy in the Orient,  
and backing up its contest by the armed  
forces of the nation. With us the case is  
peculiarly heinous because we have no  
need for these distant lands in the inter-  
ests of our internal developments, and  
no close, vital connection with them.

The second great issue before the peo-  
ple I have called that of class legisla-  
tion. Next to using the armed forces of the  
nation for the conquest of distant lands  
and weaker races is the use of the legal arm  
of the government for the furtherance at  
home of the interests of favored classes.  
The Chief Magistrate of the present ad-  
ministration is the greatest living repre-  
sentative of this dangerous policy. He  
has been for years the willing and con-  
sistent instrument for securing legisla-  
tion in the interest of favored classes.

Prof. Ladd recently returned from the  
far East. It was known that he had  
very positive ideas about the war, but  
his action in coming out pronouncedly  
for Bryan and Stevenson has caused a  
stir in the college world.

The Mason County Medical Society  
will hold its regular meeting on Wednes-  
day, Oct. 31st, at 2 o'clock p. m. at the  
office of Dr. A. N. Ellis. Regular essay-  
ist, Dr. A. G. Browning; alternate, Dr.  
John J. Cook. All feeling an interest in  
the proceedings will be welcome.

## A GREAT THROG.

### Governor Beckham Greeted by an Immense Crowd

#### Of Cheering Democrats Saturday Evening. Roosevelt Meeting Eclipsed Both in Attendance and En- thusiasm.

The recent Roosevelt meeting gotten  
up by Republicans in honor of their  
nominee for Vice President "wasn't in it,"  
to use a common expression, when com-  
pared with the immense crowd of cheer-  
ing Democrats who welcomed Governor  
Beckham Saturday evening.

A prominent business man, one of  
Maysville's most conservative citizens,  
was talking with a Yerkes man Sunday  
about the meeting when the latter asked,  
"Were there as many people Saturday  
evening as were here to see Roosevelt?"  
"Fully twice as many," replied the busi-  
ness man, who add: "And it wasn't a  
undescript crowd, either; they were  
representative citizens of the city and  
county."

Mr. Graham Vreeland, staff correspon-  
dent of the Courier-Journal thus speaks  
of the meeting:

"A demonstration second in this cam-  
paign only to that at Covington was ac-  
corded Governor Beckham at Maysville.  
Such enthusiasm and such wild mani-  
festations of interest have not been sur-  
passed in Kentucky in many campaigns,  
being a still further evidence of the de-  
termination of the Democracy of Ken-  
tucky. Such was the welcome accorded  
the young Governor that he was com-  
pelled to hold three separate meet-  
ings, two being out-of-doors overflow  
meetings and the third being in the  
large opera house, into which, it is said,  
at least 1,500 people could crowd. If  
that is its capacity when well crowded,  
then there were many more present Sat-  
urday night, because the people actually  
hung over the balcony railings and  
fought each other in the aisles as if their  
only chance for life depended upon their  
getting to hear Gov. Beckham speak.  
And yet the opera house meeting was  
the smallest of the three.

"During the day the Governor made  
six speeches, addressing in all about 12,  
000 citizens of Fleming and Mason coun-  
ties. They are in the Ninth Congres-  
sional district, in which the Hon. James  
N. Kehoe is the Democratic nominee.  
Mr. Kehoe is claiming that he will be  
elected by a majority of 1,000. The dis-  
trict gave Senator Gobel a majority of  
about 500 and well informed Democratic  
leaders claim there is no doubt that the  
Democrats will increase the majority in  
their counties and reduce them in the  
Republican counties, except in Boyd,  
which it is conceded will go Republican  
by from 400 to 600. As has been stated  
in the newspapers, it has been learned  
recently that but for a clerical error of  
forty-six votes in adding the returns  
from the county of Boyd in 1898 the Hon.  
Mordecai Williams, of Boyd, would have  
been elected to Congress over Mr. Pugh.  
The re-election of Mr. Pugh is really not  
counted upon by the Republicans. It is  
known to be a fact that the Republican  
National Congressional Committee con-  
cedes the defeat of Mr. Pugh. It is not  
merely the opinion of a few enthusiastic  
Democrats that Mr. Kehoe will win, but  
on the contrary, all believe firmly that  
the majority will not be less than 500.

"The Governor and Capt James Black-  
burn were met at Flemingsburg this  
afternoon and were driven seventeen  
miles to Maysville. It was noticed along  
the route that every man, woman and  
child that yelled for the Governor coupled  
with Beckham the name of Kehoe.  
"Hurrah for Bryan, Beckham and Ke-  
hoe," greeted their ears every few min-  
utes.

"The party arrived in Maysville at 5:30  
o'clock. They were met just outside the  
town by an escort of horsemen. The  
Governor was entertained at dinner by  
Mr. and Mrs. Charles B. Poyntz, after  
which he was driven to the Central  
Hotel, where fully 2,500 people had as-  
sembled in the street, packing it from  
side to side and the full length of the  
long hotel building.

"With great difficulty the carriage  
made its way to the entrance. The Gov-  
ernor alighted and, almost lifted on the  
shoulders of the enthusiastic throng, he  
was carried inside the hotel. From the  
second floor balcony, which was bril-  
liantly lighted, he made a speech, in  
which he did not attempt to go into the  
issues of the campaign. But he made  
an excellent speech, except that he was  
so constantly interrupted by the shouts  
of the crowd below. His voice was  
strong and every word could be heard.  
While he was telling how Mr. Yerkes  
dodged a direct answer of the questions  
about the pardons for Powers and How-  
ard, the requisitions for Taylor and Fin-  
ley, some Republican in the crowd yelled  
"Hurrah for Yerkes." Such a "Beck-  
ham" shout answered this Republican

challenge that it was a minute before  
the speaker could proceed.

"My friends," he said, "the man who  
yelled for Yerkes does not disconcert me in  
the least. I am sorry for him, because  
he is so lonely in this great throng of  
Democrats."

"The crowd yelled for several minutes  
more. The Governor was then driven  
to the opera house, from the balcony of  
which he made his second speech to fully  
2,500 people. Then he went inside. It  
seemed that not even another person  
could have found room in there by the  
time of the Governor's arrival. He was  
admitted to the stage through a private  
entrance. His appearance caused a series  
of soul-stirring shouts, and after a splen-  
did introduction by County Chairman  
Slattery he entered upon an hour's dis-  
cussion of State issues, bringing forth  
round after round of applause. After  
the speaking the Governor shook hands  
with 800 or 1,000 people at the opera  
house, and then he shook hands with as  
many more at the entrance of the Cen-

#### A BURNING SHAME,

McKinley and Hanna's Treatment of Sher-  
man in His Old Age.

[Boston Herald.]

It is a great pity and a burning shame  
that Mr. Sherman in his old age was  
made the victim of a disgraceful political  
intrigue by which he was induced to  
leave the Senate for a seat in the McKin-  
ley Cabinet. The object of this intrigue  
was primarily to provide a Senatorship  
for Mr. Hanna and ultimately to furnish  
an opportunity for the promotion to the  
Premiership of Assistant Secretary Day.  
Mr. Sherman was tempted out of the  
Senate and then frozen out of the Cab-  
inet. His declining years were clouded  
and embittered by the most undeserved  
treatment.

[Chicago Chronicle.]

Mr. Sherman was lured out of the Sen-  
ate by the appointment to the office of  
Secretary of State. Hanna took his seat.  
Sherman had hardly become warm in  
the office of Secretary of State when his  
place was wanted for "Judge" Day, the  
personal friend and attorney of Mr. Mc-  
Kinley. Mr. Sherman was then frozen  
out of the Cabinet in order to create a  
vacancy for Day. There is no other case  
like it in American political history.

#### SPRINGVILLE DEMOCRATS

Enthusied by a Rolling Address by Mr. C.  
Burgess Taylor.

[Portsmouth Press.]

The Democrats of Springville, Ky.,  
are aroused to the importance of their  
campaign and are earnestly working for  
the success of the ticket.

Under the auspices of the Bryan, Beck-  
ham and Kehoe Club, organized some  
weeks ago, a meeting was held Wednes-  
day night which, for enthusiasm and  
earnestness, stripped anything ever  
held there.

Hon. C. Burgess Taylor, of Maysville,  
Ky., was the principal speaker of the  
evening. It has been years since so able  
and forceful an address was delivered in  
this community.

Mr. Taylor, who is a rising young law-  
yer, handled all the questions arising in  
the campaign with force and tact. Port-  
smouth Democrats, through Hon. E. K.  
Waleh, were so well pleased with his  
talk that they attempted to cure him  
for an address in Portsmouth, but he had  
pledged his time in his own State.

### BIG MEETING AT AUGUSTA.

The Democrats of Bracken Greet Hon. Jas. N. Kehoe With a Magnificent Audience.

Hon. James N. Kehoe, Democratic candidate for Congress, after visiting several counties in the district, finished the week with a meeting at Augusta, the metropolis of Bracken county, and was greeted by a large and enthusiastic audience of 1,200 people, who gave the eloquent young speaker the closest attention during his speech.

Unless all signs fail the good old Democratic county of Bracken will give Mr. Kehoe and the other Democratic candidates a rousing majority.

A very remarkable feature of the campaign is the large and enthusiastic assemblages that have greeted Mr. Kehoe at all the places he has spoken.

### Tobacco Fair.

The citizens of Maysville should become particularly interested in the next tobacco fair, which is to be held in January, 1901. The work, which is being done for the purpose of securing a tobacco factory for this city, may be greatly assisted by the fact that we can demonstrate to the world that Mason County is the home of the White Burley. The farmers in this and all other counties in the States of Kentucky and Ohio should also take a lively interest in this approaching tobacco fair.

Besides a great list of all-star per-  
formers with Harry Ward's Magnificent Min-  
strels, which will hold the boards at  
Washington Opera House Wednesday,  
Oct. 31st, we would like to inform the  
lovers of music that this is the only at-  
traction of its kind carrying two com-  
plete bands of soloists. It is a very hard  
matter to engage a band of such musi-  
cians, for the reason that they are very  
scarce and when under contract always  
get large salaries. The bandmaster, Mr.  
W. F. Mason, using every precaution to  
guard against being surrounded by bad  
musicians, has chosen his men from the  
best known soloists, and is now rewarded  
by having the distinction of directing  
the best band connected with any travel-  
ing organization. This band will give a  
concert in their big street parade next  
Wednesday. Seats now on sale at Nel-  
son's.

### Harry Ward's Minstrels.

The Nashville (Tenn.) American of  
Oct. 19th says:

Harry Ward is not altogether unwarranted in  
his selection of an adjective to qualify or de-  
scribe his minstrels. He calls them Ward's "Mag-  
nificent Minstrels," and they are certainly good  
enough to pass before a critical Nashville crowd.  
The aggregation appeared before two good au-  
diences at the matinee and night performances  
mightily. There are features too numerous to  
mention in the two hours and a half of con-  
tinuous performance. "The Golf Club Reception"  
makes a strikingly handsome and catchy  
first part, and thus auspiciously opened, the  
show continues successfully through a series of  
bright sayings, sweet songs and varied spec-  
tacles, closing with an exceedingly funny skit be-  
tween Mullin and Vonder in "The Chinaman  
and the Tart." Briggs, the bicyclist, is a crack-  
jack, easily the "best ever." The act of  
comedians perpetrate much that is late and  
bright, and very little, if any, that is stale. The  
show is well put on, and altogether is emi-  
nently entitled to prosper.

At the Washington Opera House, Wed-  
nesday, Oct. 31st. Seats now on sale at

cess of uric acid in the blood. It accom-  
plishes its wonderful results first, by purify-

to dispel all foreign and unnatural secretions.  
Don't delay. At this time of the year every-
